

My visit to the Great Light

1. What did you think of the Great Light when you first saw it?

3. Can you complete the diagram to show how the lens turned the light into a beam?

2. What were the lenses like – can you draw one?

4. Label the map to show Tory Island, Mew Island and the Great Light.

The Great Light

5 Find out what the Optic is made of and how big is it?

Write your answers in the boxes below.
